

MMCPFB1UG

19" cable management panel with brush – 1U

+ BENEFITS

- Easy maintenance : handling without having to disconnect your cables thanks to its opening below the brush.
- Optimised cabling management : its opening over the entire length of the brush allows to put 2 MMCPFB1UG, one below the other, to provide a 2U passage of cables.

APPLICATIONS

This cable management panel with brush provides the optimal management of your cables and gives an organized look to your cabinet. It's designed with an opening over the entire length of the brush so it can be removed without having to disconnect your patch cords.

DESCRIPTIONS

- Steel sheet 15/10
- Painting Grey anthracite RAL 7016
- Brush nylon black
- Weight : 0,4 kg
